Senior Software Developer

Are you looking for a job with real impact on people's health and well-being? Can you design and set the technical direction? Then come work with us!

Key Accountabilities
You will be involved in our development projects, from the initial conceptualisation and throughout the project lifetime, including architecture, design, implementation, testing, validation, and documentation. As a senior software developer, you will be guiding and coaching you colleagues, and you will be part of setting the direction from a technology perspective.

Qualifications
We are looking for a highly motivated and passionate person. Self-driven problem-solving attitude and a curious mind, willing to learn more and help others. You need to thrive in a fast-paced environment.

Experienced with designing, developing, deploying, and supporting large technology solutions. Knowledgeable and experienced in creating solutions that leverage cloud technologies.

Experiences Required
- Has a relevant bachelor or master's degree (e.g., in Computer Science, Software Engineering or Computer Engineering)
- Has at least 5 years of experience with software development
- Has profoundly experience with Azure, AWS or Google cloud
- Has excellent knowledge of software and application design, modelling methods and software quality assurance principle.
- Has strong collaboration and communication skills in both Danish and English

What can you expect from us?
At Zurface Group, you meet passionate and dedicated colleagues who want to succeed with you. You get an exciting job in a dynamic growth company with a strong team spirit. We believe in a flat management structure where you have the freedom to take responsibility.

About Zurface Group
Since 2012, Zurface Group has specialized in the design and development of digital solutions for minimizing the spread of infection and improving the indoor climate. We are a science-based company focusing on providing the best SaaS solution and customer experiences. Our solutions are developed in close collaboration with our users and leading experts.

If the above arouses your interest, send us an application and your CV. We evaluate the applications on an ongoing basis.

Any questions about the position can be addressed to CEO, Jarl Christensen by email: jc@zurface.com. Mobile: +45 6160 4222.

Workplace: Sydhavnsgade 7, 3.tv, 8000 Aarhus C (Sojahuset)
